Pretty July Wedding Held in District

BURKE-SLOAN
An unusually pretty wedding was solemnized at the home of Mr. and Mrs. W. W. Sloan, Champion, on Tuesday, July 6th, at one o'clock, when their only daughter, Zella Helen, was united in marriage to George T. Burke of Nanton, son of Mrs. Catherine Burke, the Rev. W. T. H. Cripps, of Lethbridge, officiating.

The bride entered the living room on the arm of her father, looking very lovely, wearing a white georgette and embroidered tulle veil held in place by a fillet of orange blossoms, and carrying a beautiful bridal bouquet of roses and fern, to the strains of the wedding march played by Miss Kathleen Montgomery. The bride was attended by Miss Annetta Daub in a pretty shell pink gown, carrying a bouquet of pink carnations and fern. Little Dorothy Wagner was the dearest of flower girls, in a pale yellow frock, carrying a basket of pink sweet peas with yellow table streamers, and little Margaret Wagner was ring bearer, prettily dressed in a white frock, carrying the ring on a pink satin cushion of rose buds. The groom was supported by Mr. Martin H. Wagner.

The decorations were most artistic, the ceremony being performed in front of a bower of lattice work of carnation, fern and gypsophile with a background of green foliage. Following the ceremony a sumptuous banquet was served. The table was decorated with cut flowers and fern. The three-tiered wedding cake graced the centre of the table.

The happy couple left later by motor for Banff and other points, the bride travelling in a smart frock of beige georgette over which she wore a cape coat of pale blue-rose-amber with hat to match. On their return they will reside in Nanton.

The invited guests were: Rev. Mr. Cripps; Mrs. C. Burke, Mrs. E. Burke, Calgary; Mr. and Mrs. J. Ingram, Brooks; Mr. and Mrs. E. D. Malloy, Nanton; Mr. and Mrs. E. E. Montgomery, Mr. and Mrs. O. E. Hemmels, and Roland De Pee, Calgary.

The groom's gift to the bride was a silver jewel case, to the bridesmaid a hair pin, flower girls napkin rings, to the best man gold cuff links, and to pianist an ivory mirror.

NOTES AND COMMENT.

Crop prospects have rarely been more promising at this time of the year in this district. Since the moisture supply has been plentiful the growth has been very rapid and what were indifferent fields now promise a good crop, while areas that received no set back are figured to provide a bumper yield. Filling is progressing satisfactorily, and a shower on Tuesday night, coupled with cool weather, will aid largely in this direction. Up to date there has been no damage of any kind reported, and harvesting operations are in sight.

While the weeds, so prevalent here, might be regarded to some extent as evidence of the wonderful fertility of the soil, some of the many people passing through town are likely to figure that neglect of appearance enters largely into the situation. It would appear that some system of weed control should enter into the policy of both council and citizens, as it requires a community effort to secure the desired results. Individuals scattered here and there over the village who keep the weed pests under control rather aggravate the neglect of others, the contrast provided being highly unsatisfactory to the ensemble. There is room in Champion for many improvements, the lack of which is justified by lack of funds. This excuse, however, does not apply to the weeds being so prominent a feature of the landscape, and it should require a very slight stirring of civic pride to guarantee their extermination.

During 1925 Canada produced some 13,134,968 tons of coal, valued at \$19,261,931, according to a report issued by the Dominion Bureau of Statistics. Alberta held the premier position with an output of 5,869,031 tons, which was 679,302 tons above 1924 production. British Columbia showed a slight advance of 2,842,252 tons in 1925. There were 25,080 people, including 1,542 salaried employees engaged in or about the mines during 1925, to whom \$3,290,309 was paid in salaries and wages.

Alberta is to be visited this fall by a distinguished hunting party, arranged by Captain Curtis, one of the editors of Field and Stream, of New York. The party will spend 45 days hunting big game in the province.

More than 4,000 tourists registered at the Calgary auto camp during the first two weeks in July, according to figures compiled there. Many of these tourists have gone on to the summer resorts in the mountains of the province.

The annual convention of the Canadian Good Roads Association will be held in Edmonton some time in September, the exact date to be announced shortly. Members of the executive committee of the association visited the province recently to arrange for the convention. Over 700 delegates are expected to attend.

The time is coming when it will be as safe to travel in the air as on the land or sea, in the opinion of the Guggenheim fund for the promotion of aeronautics, and to hasten the arrival of this era the board will sponsor an international competition for the construction of safer aeroplanes.

Children should be allowed to choose their own clothes. They instinctively like the colors that are best for them, and Dr. Harold Pritchard, of London, Eng., who has made a special study of children, and their ailments, thinks it a great mistake for parents to decide what colors their youngsters shall wear.

Considerable improvement over employment conditions of last year is noted during the present season. During the last six weeks the government employment bureaus have placed from 300 to 250 men per week than for the same period last year. In order to make plans for the harvest season, a conference of the western passenger association with representatives of the western provincial governments will be held the coming week at Winnipeg.

For the purpose of advising Australian wheat growers on the formation of the wheat pool members of the Canadian wheat pool will go there during the present month. The Alberta representatives will be H. W. Wood, president of the Alberta Pool, and Geo. Melvor, sales manager for Alberta. The party will also visit the Orient to study market conditions and will be away for four months.

Russians To Colonize Wrangel

Have Renamed This Bizarre Waste As Lenin Island

A Russian expedition is on its way to colonize Wrangel Island, off the coast of Alaska, North of Siberia, and to rename it Lenin Island.

The expedition, in a Russian frigate, the Krassy Otkh (Red Dragon) was scheduled to leave East Cape, Siberia, on the west side of the Bering Straits, June 25 for the island, or, if necessary, to the coast of Alaska, in the Krassy Otkh, in memory of Nikolai Lenin, considered the creator of Soviet Russia.

To Wrangel Island, for whose exploration and colonization less than 15 years in three expeditions has been taken in 15 years, the Krassy Otkh was taking 20 families of Chukchee (Chukchee Eskimos) 100 dogs, and 25 reindeer. Equipment of the colony included 5,000 reindeer, 100 dogs, 100 sleds, and six large Eskimo skin boats. Provision on the Red October for Lenin Island were calculated to last three years. These families, with the survey of Wrangel Island for Lenin Island) pronounce it uninhabitable. This because of cold, inaccessibility, absence of food and extreme scarcity of food.

Russian Court Women Meet With Success In Commerce

The manner in which ladies of the Russian court have fitted themselves into the life of commerce in Paris is a matter of much comment in the French press.

The Grand Duchess Marie went to work as an ordinary woman in a French confectionery house, and now employs dozens of her compatriots in her own place. In another dressmaking establishment, Princess Chelskoff is the cashier and bookkeeper. Princess Troubetskoy is the general manager of the cutting room, and Miss Anikoff has charge of the alterations.

British-France Agreement Is Widened in Scope

An agreement was signed recently for the funding of the French war debt to Great Britain after a conference between Winston Churchill, chancellor of the British exchequer, and Joseph Caillaux, French minister of finance, and a subsequent discussion with treasury officials to draft the terms of the agreement.

Mrs. Frank Sisson

W. C. Fry and family will leave for home on Saturday.

Mrs. T. Sisson is visiting her sister, Mrs. Woods, at High River.

Erwin Sisson, an old resident here, now of Butte, Montana, is visiting his parents and other relatives here.

Frank Sisson will operate a booth on the grounds so that everything desirable for a picnic will be easily available.
